

Since 1993, American Interiors has continued to be proven experts at creating interior environments that inspire the places we work, learn, heal and play. We provide products, services and workplace transformation consulting across our markets of Cleveland, Detroit, Toledo and beyond. With today's growing and multi-faceted company, American Interiors has remained true to their roots - working closely with its clients to develop long lasting partnerships.

Job Title:	DIRTT Construction Technician		
Position Type:	Full-time	Location:	Cleveland, OH
Reports to:	DIRTT Champion	Contact:	Lindsey Ray lray@aminteriors.com

Applications will be accepted through email. Please include contact information and professional references.

We are looking for a Construction Technician/Installation Project Management Professional to make a career of and long-term commitment to the DIRTT construction division with Interior Solutions. The DIRTT Technician should be able to take direction from and work with the DIRTT Project Manager, actively participate as a team member, assist in management of the job site, work well with people, practice critical thinking skills and take ownership of the role.

Roles & Responsibilities:

- Assist the DIRTT team in any field tasks necessary to complete our customer's project
- Document and troubleshoot deficiencies
- Communicate issues, concerns and general feedback in a professional manner both internally and externally
- Support the Project Manager and DIRTT Champion
- Coordinate with Project Manager, installation logistics such as where installers can unload vehicles, staging areas, installation priorities, methods, and hours of access, etc
- Keep current on construction and DIRTT technical information
- Ensure proper layout for DIRTT walls is completed prior to installation of walls. Installs, provides direction and delegate to the installers
- Ensure the job site is left clean and organized
- Performs and guides others on special applications (i.e. wall mounting, leveling, structural connections, custom cuts and other field modifications)
- Planning and management of product, materials, and tools.
- Site measure as required
- Successfully install, move, reconfigure, repair, clean, and troubleshoot

Qualifications and Education Requirements:

- 3 to 5 years of construction or related experience
- Must be able to travel within the territory and/or region territory as needed
- Excellent customer service and team communication skills
- Have full range of physical mobility in upper and lower body with full ability to lift, pull, and push product/equipment
- Ability to read construction documents and specifications
- Ability to complete CCS job site safety program

Benefits Package:

American Interiors offers a comprehensive competitive benefits package that consists of: health plan, dental plan, vision plan, 401k plan with a safe harbor, life insurance, cell phone, laptop, paid vacation, car allowance, and expense credit card.

We treat our employees: as we would treat our clients with trust, collaboration and passion.
